

Don't miss our 2022 Spring Sale!

All commemorative bricks are now half price!

Welcome back to the old Farmstead!

Place your commemorative brick on the farm paths where the Sutherland-Wilson family lived for six generations—from the time Langford Sutherland purchased it in 1832 until 2000 when the property was acquired by Pittsfield Township. Personalized bricks are installed in the LeClair Ramp to the renovated 1850s barn. A brick is a great gift idea to commemorate friends and family, anniversaries or other special memories. Corporate logos are encouraged.

The top of the LeClair Ramp is reserved to commemorate military service. We even honor Revolutionary War patriots who lived and died in Pittsfield Township. **Military bricks honoring veterans or those currently serving are half-off the listed prices on the order form!**

Please order today! You'll be helping further historic preservation work in our community while preserving your memories. Remember, the Pittsfield Township Historical Society is a 501 (c) 3 organization so your donation is tax-deductible.
